Note : 1. Data is based on the number of people registered newly as patients with serious disease or cancer in the NHIS from January to December 2013, including the deceased and re-registered individuals.

2) Region is classified according to the address of resident's registration and the case that the address is unclear is categorized as other.  
Cases classified as "Other" refer to individuals whose resident registration address is unclear.

Note : 1) Data is based on the number of deceased and re-registered individuals, including the use of pharmacy, in 2013 among those registered newly as patients with serious disease or cancer in the NHIS from January to December 2013.

2) Region is classified according to the address of resident's registration and the case that the address is unclear is categorized as other.

Note : 1) Data is based on total number of people registered as patients with serious disease or cancer in2005, excluding the dead after registration the NHIS since September

2) Region is classified according to the address of resident's registration and the case that the address is unclear is categorized as other.

Notes : 1. Statistics are based on the receipt of treatment. (Treatment classified as oriental. The number of days of benefits, cost of treatment and cost of benefits include the usage of pharmacies.)

2. In accordance with the "Criteria for special case calculation of co-payments" (January 4, 2013. Notification No. 2013-4), the statistics have been compiled using only the "specially assigned code."

Notes : 1. Statistics are based on the receipt of treatment. (Treatment classified as oriental. The number of days of benefits, cost of treatment and cost of benefits include the usage of pharmacies.)

2. In accordance with the "Criteria for special case calculation of co-payments" (January 4, 2013. Notification No. 2013-4), the statistics have been compiled using only the "specially assigned code."
